4.0 Discussion Items

4.1 UF Health Transition Committee Update

Trustee Powers provided an update on the UF Health Transition Committee for the UF Health Parent Corporation approved by the Board on December 20, 2023. The purpose of the parent corporation is to develop and create a true health system. This will give us the opportunity to develop an integrated operating model that harmonizes the financial oversight, increases transparency, and develops a system wide network. The committee has met every 2-weeks since January 2024 and to date have accomplished the following: prepared a set of thresholds for matters that will be required to come before the UF Health Corporation Board, developed a process and timeline for how projects and matters that need approval by the President and BOT Chair including the due diligence and information to be gathered, outlined the UF Health board committees (Finance, Quality and Safety, Executive, Audit and Compliance), and developed a draft set of bylaws that outline the roles and responsibilities of the committee. In addition, the UF Board of Trustees Finance Committee, as well as Board Vice Chair Patel and VP Hass, are developing a process for vetting information to ensure they are within the governance standards and in compliance of the UF Board of Trustees. The UF Health Parent Corporation Board governance standards will be presented to the UF Board of Trustees for approval at the June board meeting. The committee’s next steps are to continue to finalize the aforementioned items, looking at the roles and responsibilities of all the local hospital boards, making any appropriate recommendations for organizational reporting and board membership, and finalizing the governance standards. The committee’s goal is to finish and receive approvals by the June UF Board of Trustees meeting, so the UF Health Parent Corporation will be up and running by Summer 2024. She expressed her gratitude to the President and Board Chair for their guidance during this process. President Sasse expressed his and Board Chair Hosseini’s gratitude to Trustee Powers and all the committee members for their productive work.

4.2 Government Update

VP Kaplan noted that today is Day 59 of the annual 60-day legislative session. On the final day of the legislative session, both chambers will vote on and approve the budget. He noted that the funding information in this update is still subject to the Governor’s final approval. We had a historic year in funding for the University of Florida and an extraordinary legislative session led by Board Chair Hosseini. We will have close to $500M in new recurring and non-recurring funding coming to UF. VP Kaplan expressed his gratitude to the Florida legislature, Board Chair Hosseini, and the UF team in Tallahassee for their support and hard work. President Sasse wholeheartedly agreed and stated this historic funding can be credited to Board Chair Hosseini’s relentless passion. The UF general revenue funding (recurring and non-recurring) from FY2008 to FY2025 has seen a tremendous upward trajectory, more than doubling. VP Kaplan noted that funding dropped during the great recession. The climb that we’ve seen since then is exciting and creates
a lot of opportunity for our faculty, staff, and students. Board Chair Hosseini commented that between FY2008 and FY 2017, UF lost 500 of its best faculty. In 2017, the Board created the Faculty 500 initiative to recapture lost faculty. He emphasized between FY2017 and FY2025, we have more than doubled our funding. VP Kaplan summarized the significant operating support items and facilities and infrastructure funding we are set to receive which will include Preeminence, UF Health, Florida Semiconductor Initiative, UF Health Jacksonville, and UF/IFAS, among many others. He noted the $100M prior funding we received for an opportunity in West Palm Beach that did not come to fruition, has been on hold due to spending constraints. The legislature included language in the budget that grants authority to the Board to use the $100M for other technological and built infrastructure. Board Chair Hosseini agreed and specifically noted the combined funding support from the State, the City of Jacksonville, and local philanthropy executing the opportunity in Jacksonville, if the Board and President approve. Trustee Powers commented she is blown away by what we have accomplished this year in funding, it elevates UF to another level, and she expressed her gratitude for Board Chair Hosseini’s hard work. Board Chair Hosseini added that he and the President visited the UF Health Jacksonville hospital and were able to obtain $15M in funding for that hospital, as well as authority for the local community to consider a half-penny optional sales tax for indigent and trauma care in Duval County. VP Kaplan continued with historical data on PECO funding used for facilities. From FY2017 to FY2025, it shows the amazing investment by taxpayers of Florida and appropriators in Tallahassee over the last few years. He summarized the Select Initiatives that will be included in the budget this year which will include downtown Jacksonville, the Dental Science Building, Hamilton Center - Infirmary Building Renovation, School of Music Building – thanks to the continued advocacy of Senator Keith Perry, Florida Semiconductor Institute, and the UF/IFAS Center for Applied Artificial Intelligence. He concluded by outlining the legislative session next steps of budget review process by the Governor, noted the next legislative session begins March 4, 2025, and shared his gratitude for Board members’ participation during the legislative session. Trustee Brandon echoed the comments on Board Chair Hosseini’s tireless efforts. Board Chair Hosseini stated it takes the entire UF team to get it done.

5.0 New Business
There was no new business to come before the committee.

6.0 Adjourn
There being no further discussion, on behalf of Board and Committee Chair Hosseini, Vice President and General Counsel Amy Hass adjourned the meeting at 1:48 p.m.
SUBJECT: UF Regulations – Repeal / Amendment of Existing University
Construction Regulations to Comply with New BOG Construction Regulations

BACKGROUND INFORMATION
At the direction of the Florida Legislature, the Florida Board of Governors (“BOG”) recently
adopted SUS-specific design and construction procurement regulations. The existing University
design and construction procurement regulations (i.e., Regulations 3.070, 3.071, 3.072, 3.073,
3.075, and 3.076) conflict with the new BOG regulations, resulting in the need to repeal the
University regulations, and to replace them, as necessary, with University policies on
procurement of design and construction services.

PROPOSED COMMITTEE ACTION
The Committee on Governance, Government Relations, and Internal Affairs is asked to approve,
for recommendation to the Board of Trustees for its approval on the Consent Agenda, repeal of
University Regulations 3.070 (Acquisition of Professional and Design/Build Services), 3.071
(Acquisition of Construction Management Services), 3.072 (Construction Contract Bidding and
Award (Contractor)), 3.073 (Construction; Bid Protests (Contract Only)), 3.075 (Construction;
Procedures for Payment under Unbonded Construction Projects), 3.076 (Construction;
Procedures to Contract for Construction Service) and amendment of University Regulation 3.074
(Construction; Evaluations of Professional Services Providers, Design-Builders, Construction
Managers and Contractors; Disqualification Procedure).

ADDITIONAL COMMITTEE CONSIDERATIONS
None.

Supporting Documentation: Amended Regulation 3.074 (Construction; Evaluations of
Professional Services Providers, Design-Builders, Construction Managers and Contractors;

3.074 Construction; Evaluations of Professional Services Providers, Design-Builders, Construction Managers and Contractors; Disqualification Procedure

(1) Definitions.

(a) Construction Services – Contractual services provided in connection with a pre-construction, maintenance, repair, alteration, remodeling, renovation, construction or demolition project.

(b) Contract – A Project Contract or a Continuing Contract.

(c) Continuing Contract – A contract with a Vendor to provide Professional Services or Construction Services as and when requested by the University for one or more projects that may arise during the term of the contract.

(d) Evaluator – The President or President’s designee conducting an evaluation under this Regulation.

(e) Professional Services – Architectural, engineering, surveying, commissioning agent, or other professional services provided in connection with a planning, design, or construction project.

(f) Project Contract – A contract with a Vendor to provide Professional Services or Construction Services for the project(s) described therein.

(g) Vendor – A contractor, an engineer, architect, surveyor, or other professional services provider, a design-builder, or a construction manager who provides, as applicable, Professional Services or Construction Services to the University.

(2) Commencing two (2) months after the effective date of a Project Contract, the
Vendor will be evaluated by the Evaluator on a project-by-project basis as follows:

(a) once per calendar year, on a staggered schedule established by the Evaluator, during the Project Contract term;

(b) upon completion of a project; and

(c) at any time the University determines there has been a material change in the quality of the Vendor’s performance occurring during the Project Contract term.

(3) Commencing two (2) months after the effective date of a Continuing Contract, the Vendor will be evaluated by the Evaluator on all projects performed during the Continuing Contract term as follows:

(a) once per calendar year, on a staggered schedule established by the Evaluator, during the Continuing Contract term;

(b) upon completion of a project valued at more than Two Million and 00/00 Dollars ($2,000,000); and

(c) at any time the University determines there has been a material change in the quality of the Vendor’s performance during the Continuing Contract term.

(4) In conducting evaluations under subsection (2) and (3) of this Regulation, the Evaluator will utilize the evaluation system maintained by the University, as modified from time to time, and will consider any additional performance criteria that the Evaluator deems applicable to type of Vendor or project. In evaluating a Vendor, the Evaluator will consider such factors as present and historical quality of performance, adherence to project timeline and budget, and relationships with consultants, laborers, subcontractors and suppliers (if any). Where appropriate, the Evaluator will permit a Vendor who is being evaluated to submit written documentation directly related to the Vendor’s performance of the applicable Professional
Services or Construction Services. The University may, but need not, convene a disqualification committee to evaluate Vendor performance.

(5) Vendors will be provided with a copy of each completed evaluation and may appeal the evaluation in accordance with Chapter 120, Florida Statutes. If a Vendor does not timely appeal an evaluation, the evaluation will be final.

(6) The University may utilize the information gathered in its evaluation(s) to evaluate a Vendor’s qualifications to provide Professional Services or Construction Services on future University projects and to decide whether a Vendor should be disqualified from providing Professional Services or Construction Services to the University in the future.

(7) If the University determines, whether through the evaluation process or otherwise, that any Vendor is not providing satisfactory Professional Services or Construction Services to the University, the Evaluator will carefully review all facts and circumstances surrounding the unsatisfactory Professional Services or Construction Services and determine whether there is sufficient cause to warrant disqualification from participation on future University projects. Without limitation of the foregoing, legal action between the University and the Vendor that has commenced or is imminent shall constitute automatic grounds to entitle the Evaluator to disqualify the Vendor from providing future Professional Services or Construction Services to the University or to temporarily suspend the Vendor’s right to provide future Professional Services or Construction Services to the University. The disqualification shall continue until the University is satisfied that the Professional Services or Construction Services of such Vendor will be, at least, satisfactory to the University. The Evaluator shall so notify the Vendor of the disqualification. The notice shall set forth specifically the grounds for disqualification and the right of the disqualified Vendor to request a hearing in accordance with
Chapter 120, Florida Statutes. If a Vendor does not timely request a hearing, the disqualification will be final.

Authority: BOG Regulation 1.001, 18.001, 14.008.

History: New 6-3-03, Formerly 6C1-3.074, Amended 6-8-12, Amended __-__-2024.

It is understood that health, safety and operational emergencies may preclude advance notice. If in doubt as to materiality, administrators will err on the side of assuming a matter is material. The approvals below are in addition to any approvals required by the Shands Board of Directors.

The below standards are in addition to any existing statutory approvals or Board of Governors regulatory approvals, as amended from time to time, that are required of the BOT.
